

New Publications.

READY THIS MORNING:

AMERICAN TALES, No. 9.

Large 8vo, double columns, illuminated. Cover, each issue complete.

THE PRISONER OF THE MILL;

On,

CAPTAIN HAYWARD'S "BODY GUARD."

By the Author of "The Border Spy."

The author has given us a story of the Gasonade country, full of all that is novel in war, exciting in adventure, and stirring in love. The work is very pleasing, and thoroughly good, as a transcript of the field in the West.

Sold by all New Dealers and Army Sellers. Sent post-paid on receipt of price—FIFTEEN CENTS.

THE AMERICAN NEWS Co., Publisher's Agents, No. 121 Nassau-st., New-York.

IN PRESS:

THE MORBID TUMORS.

By RUDOLPH VICHOW.

Scammon's Disease of Females, price—\$3.

Tyler Smith's Lectures on Obstetrics, price—\$3.

Vichow's Cellular Pathology, price—\$3.

Gardner on Sterility, price—\$3.

FOR THE PRESIDENTIAL CAMPAIGN.

READ COCHIN'S RESULTS OF EMANCIPATION.

PROVIDING what are the practical workings of

PRESIDENT LINCOLN'S POLICY.

The most important and timely book of the season, which should be

CIRCULATED EVERYWHERE.

THE STANDARD WORK ON EMANCIPATION.

MANY THOUSANDS have already been sold, and the demand is constantly increasing.

Read the following from the first statement of the country, to its importance:

From Hon. John J. Stewart of Maryland.

I think that a large circulation of the work in this State would have a beneficial influence. There are, doubtless, thousands who are not yet fully aware of its value.

From Hon. Wm. Price, U. S. Attorney for Baltimore.

The plan of the work is precisely what it should be. It deals in facts and does not ask you to take the word of the author for anything. I consider it of great value for citizens, especially the Border States. It will give a clear idea in regard to us a homogeneous people. I cordially greet its circulation among us.

From Hon. Wm. L. Marshall of Maryland.

I shall take steps to call attention to the work.

Contractors must be assured that no effort will be spared on their part to make it a success.

From T. S. Bell, M.D., President of Kentucky Medical Society.

Contractor's work will give a decided advantage for home consumption.

Contractors must be assured that no effort will be spared on their part to make it a success.

From Hon. Geo. P. Fisher of Delaware.

I am satisfied that the work was well entitled to the first prize awarded to it by the French Academy, and that the scientific research, the ardent philanthropy, and the genuine eloquence of the author have earned for him the tribute paid by the distinguished Secretary of the Academy in his report.

The work is a valuable addition to our literature. Both this work and its complement, "The Results of Slavery," should be attentively and prayerfully read by every Christian, philanthropist, and patriot in every land where the destroying hand of slavery has its iron grip.

From Hon. Wm. S. Seward, esq., of Maryland.

It will give me great pleasure to do all I can to promote the circulation of M. Cochon's work.

Send early orders for the Popular Edition to

THE TRIBUNE OFFICE, Orville, Mass.

Or to WALKER, WISE & CO., Publishers, Boston, Mass.

Books sent free by mail, on receipt of price, \$1.50.

"PIQUE" is a remarkable novel, and but

for the 400 pages could be withdrawn as affording

no illustration of that sullen, obstinate, and every way un-

interesting life which gives the name to the book.

The author has given a lively, frank, and incident-

and is far removed from monotony as ever you could wish, notwithstanding the ever-abiding presence and power of the master-mechanizer, "Pique." If there is a great deal to tell about "Pique," it must be confessed that there is a great deal to tell in the telling of it.

We are sending the Eighth Edition.

Have you read it?

Every Bookseller sells it.

LORING, Publisher.

No. 319 Washington-st., Boston.

THE SEMI-WEEKLY TRIBUNE.

THE NEW YORK SEMI-WEEKLY TRIBUNE is pub-

lished every TUESDAY and FRIDAY.

Dry Goods.

NEW SKIRT FOR 1864.
A NEW AND GREAT INVENTION IN
HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL
PATENTED "DUPLEX ELLIPTIC" STEEL SPRING
SKIRT.

This invention consists of Duplex (or two) elliptic Steel Springs ingeniously braced tightly and firmly together, edge to edge, making the skirt elastic, flexible and durable to the touch, enabling the wearer to bend, sit, and rise with the greatest convenience and ease, and in many directions, without causing any pain or muslin dress to be torn or strained.

The skirt is made of thin cotton, and is very light, being only 1/4 miles from Fallert Falls, renders this an opportunity seldom to be met with.

It is recommended to all who have small houses, garages, barns, and wagon houses, fine gardens, and large families, to buy and use this skirt.

The skirt is made of thin cotton, and is very light, being only 1/4 miles from Fallert Falls, renders this an opportunity seldom to be met with.
